

## 2024 4th Annual Curling for the Cure Sponsorship/Donation Request

Curling for the Cure is an all-female committee of the Minot Curling Club with the goal to encourage women of all ages to be physically active by learning sports such as curling. This is a 2-day funspiel for women to learn/play the sport, have fun, and raise money for great local causes. 100% of profits from the event go to help cancer patients in the area for appointments and other non-medical services provided by the patient foundations at Trinity Health and Bismarck. We focus on gaining support from local and female-owned businesses.

Our event will take place January 26/27, 2024 at the Minot Curling Club. This is the 4th year for the event, with the first one being held in 2021. Last year's event raised over \$8000, cumulatively over \$16,000 over three years. We had approximately 60 women attend and are hopeful to attract more for 2024.

We are asking your business' support to make sponsorship or donations towards the event in the form of event funding for things like facility rental/food/ice maintenance, or for raffle/silent auction submissions. Thank you for your consideration and support of this local event.
