

MINOT NORTH
SENTINELS

May 14th, 2024

Dear Community Partner:

Minot Public School is set to open a Minot North High School in August of 2024 for our community. Our motto at Minot North High School will be focusing on every student, every day while we implement our Positive Behavioral Interventions and Supports (PBIS). The focus will be to build community starting the very first time our students walk in the door and become Sentinels. To achieve our school motto, we would like to give every student a Minot North Sentinels t-shirt free of charge on the first day of school.

The estimated cost per shirt is \$6 and the current enrollment is projected to be around 1,000 students for the 2024-2025 school year. The entire cost is estimated around \$6000. We are seeking financial support for this project. Here is how we can work together:

- Every t-shirt will have space on the back for 6 logos
- Each interval of \$250 sponsorship will put your logo on 250 shirts

We feel we have an opportunity of a lifetime and are looking for our community partners to help us achieve our goals. Thank you for your consideration.

Sincerely,

Minot North PBIS Committee
