Subject: Partner with Us to Help Enhance our Color Run

Dear SRT,

We, the Jim Hill Physical Education Department, are reaching out to you today with an opportunity to make a big impact at our school. We are dedicated to the improvement of our students' overall health and wellness and strive to provide them as many opportunities to participate in various physical activities as possible. We have seen firsthand the enjoyment our student population has each year participating in new and improved activities.

Last year our Physical Education Department organized our first ever Color Run as a fundraiser through Booster. The event was a success and our student population was given the opportunity to participate in a Color Run in a safe environment and at their own pace. This year we hope to build upon our successes, both in the amount of funds raised and in student enjoyment. In order to achieve our goals, we are seeking a financial donation of any amount.

Your donation will directly support our department by allowing us to purchase event t-shirts for all student participants. The t-shirts will have a commemorative Color Run logo along with the school year the event took place. Every dollar makes a difference, enabling us to provide these shirts for our students so they will have something to remember their experience with. We will recognize SRT's assistance by displaying a banner at the event with your logo and acknowledgment of your generous support. Additionally, we will highlight your contribution on our social media platforms to ensure the community is aware of your partnership in making this event possible. If further recognition is required, we are more than happy to discuss and work together to meet any additional needs.

We invite you to learn more about our event and/or our request by contacting us at the below emails. We would be happy to answer any questions you may have.

Thank you for considering a partnership with the Jim Hill Physical Education Department. Your generosity will help us create a brighter future for our current and future students.

Sincerely,

Jim Hill Physical Education Department
